About Allegiance Industries

Founded in 1988 as a commercial cleaning company, Allegiance Industries has evolved into a diversified, multi-divisional facility services provider. More than 30 years and 21 million man-hours later, Allegiance provides professional, innovative services to facilities throughout the United States. We serve many types of organizations but specialize in working with industrial manufacturers, pharmaceuticals, food processors, mills, and more. We also work with private K-12 schools, higher education, local government agencies, and hospitals with 50 beds or less.
