

# WHO WE SERVE

## We know buildings like yours.

With over three decades of experience serving facilities that range from small office buildings to complex manufacturing plants, we understand the operational, safety, and regulatory requirements for facilities of all types and sizes. We also know that from classrooms to hospital rooms, every inch of your facility is unique. We customize a plan for the specific needs of your building and your business.

### Industrial & Commercial Cleaning

Janitorial services from Allegiance leave your manufacturing floor, restrooms, office, and common areas tour and audit ready, every day – with all surfaces in common areas fully sanitized to reduce the risk of COVID-19 and other illnesses.

### 24/7 Security

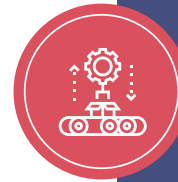

Our security services provide 24-hour on-site, uniformed security guards, either armed or unarmed, to protect your employees and keep your property safe and secure.

### Low & High-Voltage Electric

Allegiance electrical services are provided by in-house, low and high-voltage electricians who maintain your machinery and electrical system for safety and productivity every day and as part of projects to expand facilities, add machinery and reconfigure production lines.

### Special Projects

Our special projects capability provides additional cleaning, safety and productivity gains as we handle painting, ceiling cleaning and other special projects.
